

SA Debt collectors

Dear Gary

I would like to thank you the excellent work and service you provided in assisting me to collect on outstanding debts.

You where very efficient, timely, very cost effective and got results very quickly. I have used lawyers in the past to collect on debts and the whole process was costly, time consuming and I hardly ever recoped my debt or costs.

You took all the hardwork out and allowed me to focus my time on running my business. I would highly recommend you and your services to anyone in the same situation.

Kind Regards
