

Adams Dental Services Oct. 2010

SADR and in particular Gary Lightfoot has had an immediate impact on the outstanding debts in our practice.

Gary has guided us to gain a better success rate with our immediate billing and fee collection[at no cost] with some good plain old fashioned advice, and has been outstanding in collecting debts , some of which were up to 5 years overdue!![for a quite minimal fee]

Gary is like a dog with a bone and his no- nonsense approach doesn't allow any room for excuses [and we've heard them all].

We discovered SADR via Google, and were immediately impressed with the extensive list of testimonials. We are more than happy to add our business to support SADR as they have made 2010 a more pleasurable and successful year at Adams Dental Services.
