

Crossling Contractors

September 22, 2010

In 30 years of business we have never had to use a recovery agent so I went looking and found SA Debt Recovery by Google. After reading the testimonials I decided to contact them for information.

Very quickly I was provided with their charges and felt no pressure to use them. I'm very pleased I did.

I had an outstanding debt of many thousands of dollars going back nearly 6 months, and could not contact my client by phone or even get recognition of a letter that I sent saying I was going to use a debt collection agency. Within one day of Gary contacting my client he had a response, and I had all monies owed to me in the bank 6 days later (including a weekend!) What a result.

I found Gary to be a most friendly person to deal with, continually gave me updates and advice on what paths we were to take and his rates I think we're extremely reasonable. I have no doubt that if I didn't contact him I would have never got my money.

I can only say good things about Gary and his company and I have no hesitation to recommend him to others in my situation, and I already have.

Thanks Mate.

Regards
