I would just like to say thank you to SA Debt Recovery and particularly to Gary for taking on and sorting out a long running attempt by me, to recover money I had loaned in good faith.

I had tried for 2 years before SA Debt Recovery was recommended to me.

Gary removed the frustration and developing anger for me. He kept me fully informed of my options allowing me to be comfortable with all decisions made.

I cannot impart to you the relief I feel now that it is all over and would highly recommend your company.
